

TWO SCHOOL DISTRICTS FILE SUIT AGAINST SCHOOL SUPT.

Mrs. Alvin Sorensen In Motor Crash

Mrs. Alvin Sorensen, of Mokena, and her two small daughters, were traveling east on Route 30 at about 11:30 a.m., Monday, on their way back to Mokena, and as she started to go up the Owen hill a short distance west of Wolf road, she noticed a truck coming down the hill going west. Also, at the top of the hill, she noticed a car that was attempting to pass the truck. Figuring that the car would not be able to make it in time, and that an accident was inevitable, she stopped her car quickly, and it is well she did this or it considerably reduced the shock of the ensuing collision.

The motorist who was passing the truck was Ener Park, of Detroit, Mich. and he slammed on his brakes when he saw the situation, causing his car to skid. He turned directly across the road in front of the Sorensen car and hit it squarely on the side. His car was badly damaged, and had to be towed to Joliet, but the Sorensen car was able to get away under its own power, although somewhat battered and sprung badly out of line. Fortunately, no one was injured.

Mrs. Sorensen usually has the children in the front seat with her, but on this day, for some reason or other, she told the little girls they had better take the back seat. If this had not been done no doubt the children might have suffered serious injury.

Mrs. Sorensen was badly shaken up and suffering from shock her doctor told her.

Mr. Park, who had been riding with his wife, neither being injured, said he was fully insured and the company would take care of all damages.

Many lovely miscellaneous gifts were presented the guest of honor.

Those present were Mrs. Henry Kerhmann, Mrs. Arthur Huntington, Miss Elaine Huntington, Mrs. Harry Turry and Miss Barbara Turry of Chicago; Mrs. Dean Gillette, Mrs. Carl Caneva, and Mrs. Frank Marshall, Lockport; Mrs. Roland Knipple, Frankfort; Mrs. Frank Doyle and Mrs. Herman Edan, Manhattan; Mrs. Stanley Dalton and Miss Betty Dalton, Dalton.

New Lenox Man Hurt by Locomotive

Lawrence Kuntz, 53, of 417 Cedar street, New Lenox, was taken to St. Joseph's hospital, Joliet, October 3 after he had evidently been struck by the locomotive he had uncoupled from Rock Island coaches. After the accident, which occurred on the Ottawa street viaduct in Joliet, Kuntz staggered into the union station in a dazed condition, and then collapsed. Police rushed him to the hospital, where twelve stitches were taken in the back of his head. It was also thought he might be suffering from skull fracture.

(CNS) The boards of education of the community high school districts of Rich and Palos townships each filed suit last Tuesday in circuit court for an injunction against Noble J. Puffer, the county superintendent of schools of Cook county. They stated that the superintendent has informed them that their school districts are automatically dissolved and their territory will be attached to one or more other school districts.

The purpose of the suit is to prevent him from carrying through that action.

Neither district has an existing school house. They said that Puffer's announcement was based on an act which provided that any school district which was inactive after June 30, 1949, is automatically dissolved.

The two districts charged that the act is unconstitutional because it violates a provision of the Illinois constitution, prohibiting special legislation in the management of schools. They also said that if the act were constitutional it would not apply to them because they have had a recognized school for two consecutive years, after June 30, 1949.

Rich township high school district includes Matteson, Olympia Fields, Richton Park and Park Forest. Robert Ringwood of Olympia Fields is president of the board of education. Eric R. Baker, whose office is in Matteson village hall, is superintendent. His phone is Skyline 5-9222.

The voters approved the building of this high school at the April 18, 1949, election, when they approved a 55-acre site on Sauk Trail in Park Forest, and also approved issuance of \$1,250,000 in bonds last June 23rd. The board of education employed a superintendent to direct the planning of educational program and buildings, and also engaged Loehle-Schlossman-Bennet, of Chicago, as architects.

The Palos district suit stated that it was organized as a community high school district in September 6, 1941, and held a special election June 16 of this year, selecting a school house site and authorizing the board of education to purchase a school house and issue school building bonds for \$500,000.

The bonds have not yet been issued and sold for either district, because funds are not yet needed for construction. Each district stated that it doesn't own a high school, but has sent its pupils to neighboring schools and has used its funds to pay tuition.

It is hoped that there will be an early and favorable decision in the case, so that the uncertain status of the districts will be determined. As favorable court action is anticipated, plans are proceeding.

Meat Dealers Urged To File Form No. 5

(CNS)—The 14,000 retail meat dealers in the six-county Chicago area are urged Friday to file Form 5 with the Chicago District OPS office. Unless Form 5 is filed the dealers will not receive the newly revised Price Regulation 25 affecting beef.

Chicago District Director Neil J. Linehan stated that numerous dealers have failed to file Form five, although the deadline has long passed. These dealers are technically in violation of the law. Unless they file the form, which registers them with the OPS, they will not receive the necessary information needed to conduct their business.

Retail dealers can obtain Form five by writing to Henry H. Robock, chief of meat division, Chicago District OPS office, at 188 West Randolph street.

The Chicago district office affects dealers in the counties of Cook, Lake, DuPage, Kane and Will in Illinois and Lake county in Indiana.

Mrs. Bisgrove Dies At 92 in Son's Home

About two months ago, while visiting with her son, George Bisgrove, a Mokena coal dealer, Mrs. Fannie Bisgrove, 92, fell and broke her hip. It is believed that this injury contributed to her death October 6.

Mrs. Bisgrove was 66 years old when she came here from England to be with her children. She resided in the Manhattan-Green Garden area most of the time before living with her son.

She had seven daughters, two of whom are dead. The five who survive her, in addition to her son, are: Mrs. Beatrice Solberg, of Joliet; Mrs. Annie Kline of Monee; and Mrs. Ernest Jones, Mrs. Rose Baker and Mrs. Jane Hill, residing in Great Britain. She is also survived by twenty-five grand children.

The funeral was held Tuesday afternoon at the Evangelical Reformed church in Manhattan with the Rev. George Fuchs officiating. Interment was in Manhattan Center cemetery.

VFW To Give Kids 'Tricks or Treats' Weenie Roast Oct. 31

The William Martin Post 725, VFW, will give a free weenie roast for the children October 31, the prime purpose of which is to keep the little minds occupied sufficiently to keep them out of mischief on All Halloween. Each child will be given a weenie, a bun and a marshmallow—all free. It is suggested that the children bring their sticks. There will be a huge bonfire, which will be well supervised to eliminate all danger to the children. Prizes will be awarded for the best costumes.

This Halloween weenie roast will be held on the grounds of the VFW, Mokena. Parents are invited to attend, if they wish, but the "free" does not apply to them. The party will get underway at 8:00 p.m.

The VFW asks that you please do not forget the benefit dance for our soldier and sailor boys on October 27th.

Suspect Mokena Boy In Kidnapping Case

(CNS) Police are investigating a possible suspect to the kidnapping Wednesday night, October 3, of a four-year old girl.

The girl, little Irene McDonough of 827 West 54th street, was found 22 miles away from her home. She told of being promised a white rabbit by a young man. He drove her to Thornton township and choked her.

And police want to question 20-year old John Stauffer of Mokena, about the kidnapping. Stauffer apparently fell asleep at the wheel of his car October 4 and crashed on Route 6 near 90th street, which is near Tinley Park.

Doctors at the Oak Forest infirmary took 14 stitches in his scalp. He is still unconscious.

Police found a sawed off shotgun and some strange license plates in his car. They say Stauffer somewhat answers the description they have of the kidnapper.

Homewood Sheriff's deputies and Stockyard's detectives have been sent to question him when he regains consciousness.

PREMIUMS OFFERED FOR NEW SUBSCRIPTIONS OR RENEWALS

Valuable Premiums Offered Prior to Advance in Rates

The News-Bulletin is offering for a new subscription, or a renewal, two handsome and valuable premiums—you can have your choice of either.

One is a large size combination salt and pepper shaker—all in one—which is made of white plastic, and is heat resistant. A flip of the wrist one way and you have salt—flip the other way and you have pepper, neither condiment can fall out.

The other premium is a "tidy top" spoon rest made of white plastic, and is heat resistant. It will not break if it falls to the floor. The "tidy top" will help you keep your stove and table clean of drippings. Also, if you wish, you can place three eggs in the spoon rest, instead of the spoons. When you are finished, just wash it with your other dishes and put it back on the stove, ready for your next meal.

Understand, you can have your choice of either of these fine premiums. If you want yours sent by mail, there will be an extra charge of 5 cents for postage and handling.

It is the aim of this paper to have every family in this community on its subscription list. After all, where could you possibly get more for your money? This paper will keep you regularly and fully informed as to important happenings in this area.

This premium offer is effective throughout October and during November up to Thanksgiving, at which time it will be necessary to increase the subscription rate to \$3.00 a year. This raise in rates has long been under consideration, because with each shipment of newsprint received there is an increase in the price of about one cent a pound.

It has been since before World War II that we have not been able to secure a suitable premium. By subscribing now or renewing your subscription, and receiving this valuable and useful premium, each is thus receiving a commission on their own subscription.

This paper is very desirous that everyone in this territory should be a subscriber to it, and that is why you are receiving this sample copy of the newspaper this week if you are not now on its subscription list. We also advise taking advantage of this special offer early, as the premiums are going fast and when we reorder there may be a small delay in delivery. What better way to express your opinion of Freedom of the Press, than by subscribing to your Home Town Newspaper?

We think either the salt and pepper shaker or the "tidy top" spoon rest will make a valuable addition to your household equipment. Neither premium can be bought in any store, but if they were available, they would sell for \$1.25 each, and we are happy to offer this gift from your "Home Town" newspaper.

WILCO 'SMALL FRY' LEAGUE IS ORGANIZED

Representatives of seven communities from the Will-Cook county area have formed a "small fry" baseball league with organization rules similar to the Little League.

Called the Wilco Seven Small Fry baseball league because half the entries are from Will county and the other half from Cook county, the organization consists of teams from Peotone, Tinley Park, Beecher, Crete, Steger, South Chicago Heights and Matteson.

Officers elected were Don Boston of Tinley Park, president; Warren Baker, Peotone, vice president; Welton Stedt, Beecher, secretary-treasurer. Hale Swanson, president of the Chicago Heights Park board, will serve in an advisory capacity.

A three man committee consisting of Art Collins of Steger, Renny Meyer of Tinley Park and Dave Lyon of Peotone was appointed by President Boston to set up a constitution for the newly organized league.

The representatives of each community expressed the thought that even though it might be difficult that there would be sufficient support in their community to enable them to have a well equipped team and a diamond suitable for play, providing they were able to acquaint the proper individuals with the advantages of this type of a league for small communities.

The next meeting has been scheduled for Monday evening November 12 at the Cardox plant near Monee.

LUTHERAN CHURCH-MO. SYNOD SPLITS; NEW CHURCH FORMED

On September 25 and 26, a group of congregations, pastors, and individual laymen withdrew from the Lutheran Church-Missouri Synod for doctrinal reasons and formed a new church-body called the Orthodox Lutheran Conference.

The break was precipitated by Missouri's tolerance of unscriptural doctrines publicly advocated by a group of men in its midst since 1945 and by the Synod's adoption of the "Common Confession" in 1950, which places the synod on a new and different confessional platform. Shortly after its adoption by the Missouri synod, the "Common Confession" was approved also by the American Lutheran church.

The Orthodox Lutheran conference, on the other hand, has pledged itself to the confessional principles formerly held by the Missouri synod. It has also declared itself in fellowship with the Wisconsin and Norwegian Lutheran synods (of the Synodical Conference), both of whom

The play is being given two nights, Friday and Saturday, October 12 and 13.

Field Trip Planned For Girl Scouts

The first meeting of the Mokena Neighborhood Girl Scouts was held Tuesday evening October 2 at the public school with 29 members present.

The meeting was opened by Mrs. George Reid, chairman, who introduced and welcomed the new members into the organization.

October 28 to November 3 is National Girl Scout week, and as Outdoor Day is November 3 a field trip has been planned for all scouts in this area to Channahua Chalet at Channahua. Mrs. Reid urged that as many members as possible attend the Civic Association meeting Wednesday evening October 17. There will be two Girl Scout representatives from Joliet's Will county council and as the Mokena Civic Association sponsors the Girl Scouts of this neighborhood we hope to have a good attendance.

also recently rejected the "Common Confession."

The meeting at which the Orthodox Lutheran conference was formed was held at St. John's Lutheran church at Okabena, Minn. Both pastors and laymen from many different states, from Florida to Oregon, were in attendance. The Rev. H. D. Mensing, pastor of Trinity Lutheran church, Tinley Park, who has been engaged for many years in the struggle to keep Missouri faithful to its old position, was also present at the Okabena meeting. Although the conference which he serves has not yet taken any decisive action in regard to the new church-body, it has recently, in an official meeting, approved the new doctrine and practice as being in agreement with the Holy Scriptures.

Unanimously elected as officers of the Orthodox Lutheran conference are: the Rev. W. H. Macdonald, Master of Sacred Theology, of Pittsburgh, Pa., president; and the Rev. P. E. Kretzmann, Ph. D., D. D., of Cuba, Mo., vice-president.

The Illinois 1952 primary and election calendar was released today by Secretary of State Edward J. Barrett. It disclosed that the primary for nomination of Democratic and Republican candidates for state, district and county offices will be held Tuesday April 8, with the general election set for Tuesday, November 4.

Illinois will mark ballots next year for president, vice-president governor, lieutenant governor, secretary of state, state auditor, state treasurer, attorney general, district congress, state senator, state representative, and for circuit clerk, state's attorney, coroner, recorder of deeds and county commissioner.

In the primary, major parties will nominate candidates and elect delegates and alternate delegates to the national conventions, state committeemen from each of the state's 25 congressional districts, one ward committeeman in each ward in Chicago and precinct committeemen in each downstate precinct.

County coroners, state's attorneys and circuit clerks will be named statewide. Records of Deeds will be elected in counties of 60,000 or more, and auditors in counties of more than 75,000 and less than 300,000 population. One county commissioner will be elected in counties not under township organization.

Voters in the 25 even numbered senatorial districts will elect a state senator next year and will choose one, two or three representatives in each of the 51 senatorial districts, the number to be determined by party senatorial district committees.

The calendar, printed in the form of a small booklet, also lists the minimum number of signatures required for various nominating petitions. It discloses

that the first day for candidates to file petitions with Secretary Barrett's office or in the office of county clerks will be January 4. It lists January 21 as the last day for filing.

Mr. and Mrs. Emereth Boyden of Lincoln Estates spent the week end in Muncie, Ind., where a special meeting was held in the Masonic Temple, honoring the officers of the grand commandery Knights Templar of Indiana. During the meeting a fine program of music and dramatics was provided for the wives of the Knights by the members of the faculty of Ball State Teachers college. Mr. and Mrs. Boyden were accompanied by Mr. and Mrs. Russell D. Huffington of Gary. Mr. Huffington is a Past Commander of the Commandery in Gary.

Mrs. Jerry McLean and daughter Debbie, Mrs. Clara Thorn of Hobart, Ind., spent last week in the Boyden home.

New Mathematics Requirements For High Schools in Ill.

Illinois high schools this week received information about new mathematics requirements for admission to the University of Illinois College of Engineering effective in 1953. An 18-page pamphlet outlining the new requirements, reasons for them, and suggestions for meeting them went to every Illinois high school. "Professional education of the engineer does not start in the university, it starts in the high school," the bulletin says. "The most important contribution of the high school to the engineer's technical education is the work in mathematics."

Explaining that an alternative to requiring more years of education for professional engineers is to make greater use of the present four years by fuller high school training in mathematics the bulletin states that after September, 1953, trigonometry and more algebra will be required of new engineering students expecting to graduate in four years from Illinois.

Students lacking in mathematics will be urged to enroll for a summer session preceding their

regular freshman year, or to make up the needed work thru special examinations or by correspondence.

**TO SOMETHING NEW
IN FUEL OIL**

Wake up to new, Anti-Rust Sinclair Fuel Oil — the oil that contains the amazing chemical ingredient RD-119, developed by Sinclair Research.

RD-119 assures you a purer, cleaner fuel oil than ever because it stops rust in the pipe lines, tank cars and trucks which carry the oil from the refinery to your home. In your burner, RD-119 protects against rust and corrosion that clog strainers and burner nozzle—protects against the excessive wear on burner parts caused by abrasive rust particles.

Yet new, Anti-Rust Sinclair Fuel Oil costs no more than ordinary fuel oil. Phone us today.

Mr. and Mrs. R. H. Barr, 5142 W. 151st street, Tinley Park, recently visited WMBI, radio station of Moody Bible Institute in Chicago, during the special silver anniversary week celebration. This year the Institute's radio station observes its twenty-fifth year as a pioneering voice in Christian broadcasting with over 65,000 hours logged as "time on the air". More than 300 programs are originated in WMBI's studios each week.

Bob Goetsch, Dennis Tattum and Wayne Goebel, have become members of the B. Bar B. club. Officers are, Bill Fierke, president; Pat Rea, vice president; Joseph Blount, second vice president; Billy Hoffman, treasurer.

Mrs. Guthrie, music teacher of the Tinley Park school, is recording music books to use for caroling at Christmas time.

Susan Martha Ernst, was christened Sunday in the Methodist church. Godparents were, Mary Betty Miner, and Willis Guth. Dinner guests for the occasion were: Mr. and Mrs. Willis Guth and family; Mr. and Mrs. Ernst, Sr.; Mrs. Martha Ehlers; Mrs. Ernst's mother, Mrs. Franco, of California; Mr. and Mrs. Burns and daughter of Blue Island, and Ida Guth.

Pat Ernst, Edith Kipp and Doris Miller surprised June Homering with a stork shower, at Edith Kipp's home. The house was decorated with a beautifully decorated sprinkling can, with crepe paper streamers hanging above the table, which was decorated with pink and blue, a cake centerpiece and flowers.

"Just Been Thinkin' "

Beauty is not only skin deep as some observers would lead us to believe. True beauty, in direct opposition to this shallow opinion, is actually deeper than the outer surface. It is something partially independent of flesh and bone, though it must necessarily be expressed through the medium of these in action. Proof for these statements regarding genuine beauty is always available in the widespread presence of those dear and familiar

TIED HANDS

The babe's plump fingers touch the heart.
The artist's gleam with artistry But tired hands in the household are
The loveliest of all to me...

The hands which wash a small boy's clothes
And curl a daughter's golden hair,
Then turn to make the evening meal—
These hands are singularly fair!

These hands, so worn, so rough and red
From oven's heat, and pungent soaps—
These hands are beautiful beyond The rarest dreams, the highest hopes...

These hands are every mother's hands
Which all our lives are fashioned of,
And I know none as lovely as These instruments of endless love!

From where I sit... by Joe Marsh

**Our Bank Says
"Help Yourself"**

People around here need lots of small change these days — what with candy, gum, cigarette and soft drink machines... pay phones... and those penny sales taxes.

Used to put a strain on our bank. Changing money took up a lot of time. Then the Chief Teller Happy Wilson, read about another bank using a "help yourself" change system. The directors decided to see if it would work here.

They set out some big shallow bowls full of nickels, dimes and pennies with a sign saying "MAKE YOUR OWN CHANGE." Works fine,

too. At the end of the day the totals are never more than a couple of cents under—or over—the right amount.

From where I sit, folks everywhere are pretty much alike, although they may seem different. Farmers and city folks, Republicans and Democrats, those who enjoy a glass of beer occasionally and those who prefer something else—we all usually try to live up to the trust others have in us.

It's a THRIFTY, CORN-SAVING PICKER

**JOHN DEERE
No. 101
Corn Picker**

There's a brand-new experience in corn-saving performance awaiting you in a John Deere No. 101 One-Row, Wheel- and Drawbar-Mounted Corn Picker.

Long, wide, gently-sloping gatherers, and low-down, long-lugged gatherer chains positively guide the stalks into the snapping rolls, which are close to the ground to trap low-hanging ears. Big-capacity husking rolls handle the heaviest crop without waste.

Shelled corn goes into the wagon—not on the ground.

The No. 101 is lightweight and maneuverable... operates efficiently in fields too soft for heavier pickers. Abundant strength and easy servicing reduce costly, time-consuming breakdowns. See us for complete details about the economical, dependable John Deere No. 101 Corn Picker.

VILLAGE BOARD HIRES ENGINEER

At the special board meeting held in Mokena Wednesday evening bids were opened for the repairing of Third, part of Second and Midland avenue from Front street to Third. The following bids were received: Walter Yunker, \$1,000; Andy Zink, \$880 and Chester Ebert, \$840. The job was awarded to Chester Ebert.

The board hired Mr. Brown of the De Leuw engineer firm to estimate the cost of installing a sanitary and storm sewer, treating plant and water extension for Mokena. The cost will be \$500 for all projects.

Charles Rose and Christ Sippel appeared before the board asking for rent de-control for the village. No action was taken on it, until the next regular meeting.

Mrs. Eleanor Pretzel appeared requesting water extension to their home on the west side of Wolf road. Several petitions were presented requesting the annexing to the village property from the Barney Hostert home north, of all the lots facing on Wolf road to parallel with the village limits on the east side of Wolf road, which is the Bueschel property.

W. A. Muehler was present and asked to have village water extended in a proposed new subdivision west of Wolf road from Second street north.
